

The Hobby Job: A Romantic Wife-Watching Novel

Former career professional Laura is going crazy living her stay-at-home-mom life in a small country town. Her husband Conrad has the perfect solution: get a hobby job. Laura gets turned on to the idea, and to Conrads surprise, chooses to wait tables at a run-down restaurant down the street. But she gets a lot more than a hobby job when she meets Nate, a young, hot waiter who has his eyes on her from the start. Conrad and Laura start on separate journeys, exploring new possibilities in their marriage, and opening up to their hidden desires, fantasies, and needs. Will their journeys merge, or will Lauras hobby job make a hobby of their marriage?
