

Aching to Submit

Though deeply in love with her husband Michael, for years Sophie has longed to give him not only her love, but her submission as well. In spite of her yearning to kneel at his feet, fear of rejection keeps her from sharing the truth with him. Though she would never give her body to another man, her need to submit drives her to seek out others like herself and learn more until Michael discovers her deception and she fears her marriage may be over. Despite the anger and sadness which tear at his heart when he learns that his wife has kept such an important secret from him, Michael is not going to give up the love of his life without a fight. It will take time, but he is more than ready to be the man she needs, the man to whom she will gladly submit. First, though, she must be firmly disciplined for her betrayal of his trust. Standing naked before her husband, awaiting a punishment which will bring her to tears and leave her bare bottom red and sore, submission suddenly feels truly real to Sophie for the first time. As Michael asserts his dominance more and more with each passing day, Sophie begins to see him in a way she has never seen him before, and her desire for him seems to know no bounds. But is this just a second honeymoon of sorts, or will Sophies submission endure through the trials of everyday life? Publishers Note: Aching to Submit is an erotic novel that includes spankings, anal play, exhibitionism, graphic sexual scenes, elements of BDSM, and more.
