

Never Wake

From the world of Meridian Wanderings... On occasion, the dimensional barriers between realities weaken. In those instances, you might catch a glimpse of different places and times. Never Wake is four short stories from the Meridian Wanderings universe. Prequel fables...the perfect place for Fantasy & Sci-Fi fans to jump on, or for long-time readers to learn of tales that took place before. Never Wake is also a coloring book for grown-ups. Each page of art mirrors the preceding words, while your imagination adds color to these stories. Written by series creator Kira Cultofay, Never Wake combines the exuberance of youthful fun with a more adult flair. These grown up fables of love, loss, fear and laughs are brought to life for those who remember what childhood bedtime stories and coloring books should be like.
