

The Seven Laws of Love: Essential Principles for Building Stronger Relationships

The Seven Laws of Love is insightful, compelling, inspiring, grounded, and immeasurably practical. We love this book! Everyone needs to read it. Don't miss out on its powerful message. Drs. Les & Leslie Parrott, authors of *Saving Your Marriage Before It Starts* in our fast-paced, success-obsessed culture, were constantly tempted to chase after things that don't matter. We've been conditioned to value possessions over people, status over relationships, and ourselves over God. But the reality is this: God created love to be the centerpiece of our lives. In *The Seven Laws of Love*, Dave Willis makes the case for a love revival and proves that in returning to a life of love we have no greater model than the one who is love himself. In Dave's humorous, touching, down-to-earth style, *The Seven Laws of Love* takes you on a journey through the ins and outs of everyday relationships with your spouse, your children, your friends, and your coworkers using practical, applicable examples and guiding principles that demonstrate what a life of love actually looks like. There is no higher calling on earth than to love and be loved. It's time to learn *The Seven Laws of Love*, and to make loving a priority over all other pursuits. Anything else isn't really living.
