

Healthy Homemade Home Cleaning Products (Healthy Homemade Series Book 2)

Many of the commercial cleaning and home care products available on the market rely heavily on advertising hype to lure customers into buying their wares. Yet the list of ingredients on the packaging reads more like a chemistry lesson than a healthy way to keep your home sparkling clean. Why pay ridiculous prices for expensive commercial cleaning products when its cheaper and easier to get the same - or better - results from your own healthy, homemade cleaning products? This book contains plenty of great recipes and instructions for making your own healthy, homemade cleaning and home care products using natural ingredients. Youll learn to make your own healthy alternative cleaning items in your own kitchen, including: - disinfecting surface cleaner - liquid dish soap - automatic dishwasher detergent and rinse aid - oven & stove cleaner - natural drain cleaners - natural descaler - air freshening sprays - tub & tile cleaners - sparkling shower cleaner - grout cleaner - streak-free mirror & window cleaner - whitening toilet bowl cleaner - laundry detergents & stain removers - fabric softeners & whiteners - carpet stain remover & deodorizer - leather furniture cleaner - furniture polish - disinfecting floor cleaner - dusting spray - and more Each recipe is clearly presented in easy-to-follow style, with notes on preparation time, storage, and uses. Many products can be customized according to your own personal preferences, tastes or moods, and every recipe uses readily available, natural ingredients.
