

Rise of the King: (A Bird Shifter Novel) (King of Prey Book 4)

Rise of the King Paranormal Bird Shifter Romance Warrior, bastard, outcast, traitor to his kind, these are all labels Lazar has worn for the past several years, since he took a stand against the actions of a mad king. Hes defended the Kingdom of the Hawks even though the blood of the Falcons runs through his veins. Hes bedded their women, drank their mead and protected their king. None of that makes him one of them. An empty pit has been in his stomach for years, believing his true mate perished long ago. When he learns shes alive, he has to not only win her over, but also make her understand men who can shift into birds arent the things of nightmares. Theyre real, and hes one of them. Sabrina lives a relatively sheltered life. Her overprotective uncle means well but can sometimes go too far. When he shows up with a sexy hunk shes dreamed about, its all Sabrina can do to control her emotions. As old lies are uncovered, she has to decide if she should open her heart to a man who has made using women an art form and who also happens to have wings. Plus, hes more than just any old shifter male. Hes the rightful king of the Falco, and its time he rose to his position and accepted his destiny, even if that destiny includes her.
