

A Cowboys Christmas Story

Luke McGregor knows how to protect himself. Hes a hard ass but even a cowboy with a cocksure attitude understands what hes facing when his heart speeds up and his words slow down all because of one little brown-eyed darlin. Marcy Killian has something about her, a way of making Luke stand up and take notice. She may scare the livin daylights out of him but Lukes played around with wild notions long enough. Its time to approach the enemy and make nice with an old friend. Marcy is a little older and quite a bit wiser since the last time she saw Luke McGregor. She knows all about missed opportunities and since shes not getting any younger, shes bound and determined to capture Lukes attention once and for all. But she may bite off a little more than she can possibly chew. Sparks fly when Marcy and Luke end up at the same bar on Christmas Eve. They immediately realize fate has a hand in bringing them together. Will their holiday happenstance lead to more than one night of passion or will their pride and stubbornness keep them from sharing Christmas with one another?
