

A Little Burlesque

Madame Mireilles ocean-side parlour, Les Trois Dames Jouissantes, is one of the last houses holding to the tenets of classic burlesque. They specialize in raunchy comedy sketches, undulating fan dances, chorus lines and, of course, the striptease. In post-war Maritimes, Madames burlesque house enjoys notoriety thanks to an all-female cast combining the smart with the sensual. It was this reputation that attracted the troupes two newest members. Ginger the saucy redhead has been around the block a few times. She might come on strong, but shes a master of the comedy striptease. Orchid is young, new to the stage, and embodies all that is innocent--or so shed have you believe! Secrets abound behind the scenes, and itll take more than slippery fingers to bring them to the surface. Originally published as The Little Burlesque House by the Sea.
