

Bearing the Whiteout (Ice Bear Shifters Series Book 2)

One simple bet is about to change two lives forever. Polar bear shifter Eric Caldwell doesn't want a woman in his life. Caring for someone only makes you vulnerable and Eric doesn't do vulnerable. But when he loses a bet that forces him to ask beautiful Delaney Parker out on a date, he's forced to rethink his stance on love and devotion. When their date takes an unexpected turn for the worst, he finds himself fighting to save the woman who is quickly stealing his heart. Delaney Parker knows a thing or two about handling life in the wild. As a freelance photographer, she's spent her fair share of time in the most remote locations on earth. But she gets more than she bargained for when she shows up to take pictures in Glacier Point. When her handsome new friend saves her and reveals his shifter side at the same time, Delaney wonders if perhaps it's time for her wandering heart to settle down. Read this action-packed romance today to discover whether Delaney can break through Eric's walls and finally find a place called home. Bearing the Whiteout is part of Sloane Meyers' Ice Bear Shifters Series. While this 24K word novella can easily be read as a standalone story, you'll likely enjoy reading all of the Ice Bear books! Please note, this book is intended for mature audiences and contains explicit love scenes as well as adult language.
