

Noelle (MFF Encounters Book 7)

I wanted Professor Jensen. She was the most beautiful woman I'd ever seen. When I got caught in a compromising position with my best friend, right there in the professor's office, she proved she could be tough, too. After she laid down some serious discipline the last thing I expected was for her to extend an invitation to spend the evening with her and Mr. Jensen. The second I laid eyes on him there was no turning down the offer. They were both so irresistible that all I could do was hope I didn't have to choose between them.
