We sliced our famous fast-teach Learning books into short courses--introductory, intermediate, and advanced--so you can learn exactly what you need in less time. Each self-paced text gives you the concept and objective in simple language. Then we show you the keystrokes and the illustrated layout, followed by an exercise. Each new exercise reviews the previous concepts and introduces a new concept. Spiral-bound. Each book comes equipped with a data disk. All of the exercises are on the disk, which eliminates typing.
