

The Blood Moon Kiss (a short story)

In this Southern Gothic tale, Christine Emberson heads to the moss-draped landscape of historic Savannah, Georgia to join the cast of the hit vampire television series *The Blood Moon Kiss*, playing opposite the mysterious Talen Dashkovara method actor who takes his role as the seductive blood-sucking Kyle very seriously. It isn't long before the couple's sexually charged onscreen romance moves off-screen, and reality blends with fantasy as Christine finds her life blurring with that of her character and a ghost from Talen's past.
