

Harvest Hunt (Sector Guard Book 22)

Ashlin has spent her life trying to move beyond her status as a throwback. Unlike all of the population around her, she has to fight for respect on a daily basis. When being Hunt Master is taken from her once again, she resolves to avoid the hunt, but looking into the eyes of the beast to be hunted, she knows she cannot ignore the intelligence in those silver eyes. Leaving her home before dawn, she waits for the beast to catch up to her and manages to help him transform back into Rumble of the Sector Guard. In that moment her fate is sealed and her life in the stars begins.
