

Anything But Vanilla

One girl, two guys, no strings. Lusting after more than Fifty Shades of Grey? Anything But Vanilla is the perfect read for you. Kara North is on the run. Fleeing from her controlling fiancé and a wedding she never wanted, she accepts the chance offer of refuge on Liddell Island, where she soon catches the eye of the island's owner, erotic photographer Ric Liddell. But pleasure comes in more than one flavour when Zachary Blackwater, the charming ice-cream vendor also takes an interest, and wants more than just a tumble in the surf. Zach offers her warmth that she never felt from her fiancé, and soon it's not just the ice cream that's melting. When Kara learns that the two men have been unlikely lovers for years, she becomes obsessed with the idea of a threesome. Soon Kara is wondering how she ever considered committing herself to just one man.
