

Chase Abbey Box Set: Books 1 & 2

Chase Abbey Series Chase Abbey is the ancestral home of the heir apparent to the Duke of Rossington. Lord Morgan Duncan, the Marquess of Barrington, is that heir. Barrington is interested in only one woman to stand beside him to eventually rule the family empire. That woman is Lady Amelia Blackwell, the sparkling and sometimes rebellious daughter of neighbor and family friend, the Marquess of Lamnton. The experiences of Barrington and Amelia as they learn to live and love within the confines of a domestic discipline lifestyle are unveiled. A life where Amelia treads over the line of propriety and Barrington lovingly spans her back to respectability. It is a delightful series of love, laughter, and spanking in Regency England. Box set priced at \$4.99...purchasing both books separately would be \$9.98. Lord Barrington's Minx Lady Amelia Blackwell embarks upon her first London season where she is presented to the Queen and the rest of proper society. Everyone, including Amelia herself, expects that she will find a husband amongst the new, eligible gentlemen that she meets during the whirl of social activities that marks a successful season. Lord Morgan Barrington has known Amelia her entire life. No longer, the high-spirited little girl whom he rescued from various scrapes, Amelia is now the beautiful, enchanting woman he has patiently waited for her to become. Will Amelia be willing to give up her freedom for the strict rules and expectations of Lord Barrington? Will he be able to convince her that true freedom comes from submission? Becoming Lady Barrington Lady Amelia Blackwell has been raised since birth to become a proper wife for a proper gentleman. However, years of lessons in comportment, etiquette, and household management do not encompass all of her wifely duties. Now that Amelia has married her Lord Morgan Barrington,

she learns what being a wife is truly all about... and it has very little to do with being able to plan a dinner for two dozen. Morgan is a tender teacher and strict disciplinarian, often using spanking as a means to a contented life. With skill and patience, he awakens passions in Amelia she never knew existed. She also learns that submission can be both pleasurable, and painful when necessary. That motivating knowledge opens a whole new world for Lady Amelia. Can Amelia find the perfect balance that proves minding her husband is good, but a measure of naughtiness also has its benefits?
