

Mr. Modems Internet Guide for Seniors

Mr. Modems Internet Guide for Seniors is a best-seller, and this new edition offers even more! Seniors represent the fastest growing segment of PC users today and the fastest growing segment of the population! This is the perfect gift for parents, grandparents, and friends who are new to the Internet. The book's author, Richard Sherman, is widely recognized in the senior community as a knowledgeable computing expert and syndicated columnist. Although there are many titles that lead readers through the Internet maze, this book is the only one targeting mature adults. Mr. Modems non-threatening tone and easy, step-by-step examples make getting around on the Internet easy and fun.
