

## At His Command-Historical Romance Version (Wars of the Roses Brides) (Volume 1)

Could she defy her king for love? England 1453: King Henry VI sends Sir Nicholas Grey to protect the recently widowed Lady Amice Winfield from undesirable suitors. Though Nicholas intrigues her, she yearns to run Castle Rising without a mans control. Nicholas has no interest in marriage, but cant deny hes attracted to Amice. Hes surprised to finally find in Castle Rising a place he feels at home. A kiss sparks desire neither can ignore, yet serving opposing factions seeking to govern England threatens to pull them apart. At court, the king and queen reject Amices pleas and choose a new husband for her, a highly-ranked lord wholl provide connections and coin for the kings depleted coffers that Nicholas cannot. How can she follow the kings command when shes a scribe for his rival? How can she marry another man when shes falling in love with Nicholas? Praise for AT HIS COMMAND-Historical Romance Version: Loved every minute of reading this book!
