

Follow Your Heart (Wars of the Roses Brides) (Volume 2)

Unforeseen passion draws them together, but his secrets threaten to tear them apart. England 1460: Joanna Peyntor sees the world through the jewel-like windows she creates, with her only goal to save her glass-painting workshop from ruin as she makes her way in a man's world. Sir Adrian Bedford will do anything to restore his family name and estate. When irresistible passion makes their marriage of convenience inconvenient, will they be able to follow their hearts?
