

Becoming One: Quiet Times for Every Couple

Greg Laurie offers couples a day-by-day guide to enhancing their marriages. Whether a couple has been married a few days or many years, their relationship probably has some weak areas. Drawing on his thirty-three years as a husband and decades of counseling married couples, Greg shares time-honored principles that will help husbands and wives, in sixty days, understand God's design for marriage, recognize the unique roles and responsibilities God has given couples, and fortify marriages for the trials every couple faces. And he reminds readers that they always have access to God's love when their own falls short. Written in a clear, concise style and full of real-life examples, BECOMING ONE is a powerful guide for stronger relationships.
