

## My First Time In Panties (Crossdressing Bicurious Erotica)

What happens in the bedroom STAYS in the bedroom! Josh is confused. Hes found himself getting more and more attracted to guys recently. And thats not all. Hes also begun trying on panties when alone in the house! One day curious Josh finds himself alone in the house. He tiptoes upstairs and begins rooting around in the underwear drawer in the master bedroom, looking at a selection of slutty thongs and g-strings. Then Josh digs a little deeper, discovering something else in the drawer: a big pink vibrator! Dressed up in slutty lingerie, a wig and negligee, Josh begins playing with his new toy, but quickly realizes hes not quite as alone in the house as he first thought ... There in the doorway is hunky Danny, and the two soon realized theyre about to take things a step too far! **WARNING:** This erotica short contains extremely graphic sexual descriptions, including crossdressing, first time oral sex, masturbation, anal play, vibrator play, and taboo themes. Do not purchase if easily offended. You have been warned! Unfortunately, due to the graphic nature of this ebook, the publisher is unable to provide an excerpt. Instead, you will have to purchase the book in order to find out just what happens next!
