

Bloodhunter

Love lies behind the eyes of a predator. The longer Dana Mallon studies the magnificent jaguar confined to a nature preserve, the greater her sense that forces beyond her comprehension are at work. Looking into the eyes of the big cat stirs something in her heart and heats the jaguar tattoo on her hip, stimulating visions of a fierce, naked man. Instead of fleeing the visions blatant sexuality, she follows the primal urge of her body into his arms. With his touch, her very existence shifts, and a lifetime of loneliness fades beneath the power of their sexual union. Nacon is determined to learn how this woman freed him from centuries in limbo. There's only one way to learn the truth—take her back with him to the past. And force her to embrace the incomprehensible. Warning: Fangs and claws and great sex!
