

Burn, Baby, Burn (A BBW Dragon Shapeshifter Paranormal Romance) (Order Of Protection Series)

When the curvy dragon shifter suddenly loses her ability to fly, and finds herself hurtling to the ground, Adalyn must admit, shes one hot mess. Unable to escape the city without wings, she goes on the war path to find out exactly who is responsible for her inability to shift. A few hours later, she finds herself drowning her sorrows at the local watering hole. Whats a girl to do when she has nowhere to go, and no one to call for help? She falls into bed with the sexiest man in town, of course. Except the guy isnt exactly able to help considering his reckless behavior is the reason why she cant leave. Hell hath no fury like a woman scorned All hell is about to break lose when Adalyn finds herself stuck in a rather unusual predicament. If she wants her shifting ability restored, she must help her new partner pick up a package and deliver it to the Order Of Protection. Sounds pretty easy, right? Except the package is a baby, and her partner, well hes a whole other problem. What happens when two stubborn, wildly passion dragon shifters are forced to work together? For Adalyn its simple; complete the mission, and get the hell out of town. But you know what they say about the best laid plans... * * * Note To Readers: This is a book from the Order of Protection series, however each book is a stand alone and can be read in any order you choose.
