

# Elizabeth, His Lordships Demure Body-Servant. Ten Volume Compilation

This book contains all 10 volumes of the Elizabeth, His Lordships Demure Body-Servant series. If you have read them, then you most probably do not need to buy this anthology. This is the story of Elizabeths awakening to a life of service. It all started when Lord Dixon made her family an offer they couldnt refuse. She accepted to be his body-servant, not that she knew what that meant. Then she discovered its meaning and her responsibilities. Soon after that she wanted more. With time, Elizabeth has slowly had her mind challenged and evolved, provoked into awakening to a life of carnal sensuality that knows no bounds. She lives, breathes and feeds on her masters lust. Still an innocent, she pines to be made a woman. Lord Edward Benedict Frederick, 13th Lord of Dixon, is her mentor and guide on this journey of sensual realization. He is much older than his young body-servant and experienced in all manners of lovemaking. Yet the young girl awakens a passion like no other that makes the experienced politician forget his worldly ambitions and surrender to endless hours of exploration with his young servant girl.
