

Learn How To Make Micro Macrame Jewelry - Volume 2 - Intermediate/Advanced

Learn How To Make Micro Macrame jewelry Learn how you can start making Micro Macrame jewelry quickly and easily! This illustrated guide teaches you step by step how to start making Micro Macrame jewelry. Written for the person with little to no knotting experience, this handbook first shows you how to create a work surface before walking you through some basic knots. The first design is a straightforward bracelet using just one knot. This gives you the chance to get familiar with the cord and tension amounts.

As you progress through each pattern, you will be introduced to a new knot or two, culminating in a final project which uses several knots. What you will find in this guide: Step-by-step instructions with full color photos that guide you through each pattern 7 beautiful, EXCLUSIVE elegant projects that will help you learn how to micro-macrame Tips and tricks to make your experience with micro-macrame more enjoyable A guide showing you exactly how to create your own micro-macrame project board For more intermediate to advanced crafters who love jewelry and beading Micro Macrame is the skillful use of several knotting styles that create intricate details and blends in delicate beading which results in unique pieces that are nothing like the macrame of the past. With just a little practice and a few knots, you too can experience the freedom and joy of producing your own unique and versatile pieces. Once you understand the basics, you can continue on into a wide world of possibilities. Before you know it you'll have your friends and family begging you to make them one as well. About The Author: Kelsy Eason Kelsy has a unique style that focuses on the knotting and not as much the beading aspect of jewelry design. That's what drew her to micro-macrame. With more than 15 unique patterns on her website and now a book helping beginners get started in the craft, she's one of just a

few designers that are helping to spread the word about this wonderful new jewelry technique.
