

Cash Remington and the Missing Heiress (Sexy Dreadfuls Book 1)

Im the best operator in the entire agency. The plum assignments always mine. So when an American heiress goes missing, Im the guy they call to get her back. Rescuing Collette Stanford is my mission. What I do to her after that is purely up to me, as long as she makes it back to the States in one piece. Ill kill the bad guys, get the girl, and get a little taste of what the heiress has to offer. None of this is negotiable. Im Cash Remington, and I never miss. Content Warning: This standalone novella stars an alpha male who never misses. Its full of sex and violence. Its an erotic adventure, not a romance, and is not safe. If youre cool with these caveats, enjoy!
