

Chasing Fire (Part 4): The Lovers

Absorbed in each other, Nick and Isabella relax into the slow-time of their private island hideaway. Little do they realise how close they are to danger... SNEAK PEEK!: Theyd been walking for about a half an hour when Marcus slowed as they saw a man walking toward them and gestured her to move further inland so they could avoid the other man. A spitting sound from behind them had Marcus reaching for the gun hidden behind his back, but he fell to his knees before he could reach it. Run, he whispered. A man came out of brush that hid them from view of the house they were in front of. He was holding a gun with a silencer attached to the end. Horror filled Isabella as she looked down and saw the bright red blood staining the back of Marcus shirt. Oh god, he had been shot! WARNING!
