

Cisco Networking Academy Program CCNP 2 Remote Access Lab Companion

The only authorized lab workbook for the CCNP Remote Access exam within the Cisco Networking Academy Program. Only Cisco recommended print classroom lab companion for the CCNP Remote Access course. Created by the author of the Remote Access Web-based curriculum. Bonus exercises provide students with optional labs that can be used as extra credit or for more focused study. Maps to the current version of the web-based curriculum. The Lab Companion from Cisco Press is the only official lab manual to be used in conjunction with the CCNP Remote Access Web-based curriculum within the Cisco Networking Academy Program. This lab manual provides intermediate-level students with the knowledge and skills needed to pass the Remote Access certification exam. Additional exercises are incorporated into the manual for further study and to be used in preparation for the CCNP Remote Access exam. This title maps to the Web-based curriculum and provides the students with a solid introduction to remote access concepts and terminology. The book's scope and sequence 30 lab exercises that will reinforce the concepts introduced. Real-world examples are used throughout the material to show how to configure Cisco routers for today's key remote access technologies.
