

Aviation Weather Made Easy: The Preflight Brief

The Preflight Brief, the first book of the Aviation Weather Made Easy series, is designed for the student pilot, rusty pilot, or those who just want to fly safer. Book One focuses on using Flight Service to provide you a deeper understanding of weather, and what elements of a Standard Weather Brief can be shortened without any loss in safety. Further, you'll be done in less time than it takes to brew a pot of coffee! It also covers some great new tools, including: Text to activate and close your flight plans Using Lockheeds 1800wxbrief.com Fantastic new features thanks to NextGen. Three different pre-briefs. Checklist for telltale indicators of adverse weather. And more
