

## Chibis, Mascots, and More: Christopher Harts Draw Manga Now!

Chibis, Mascots, and More covers the popular genre of Chibis--tiny, highly expressive characters and their faithful but volatile friends. With lessons on the body construction, expressions, and character types that are unique to the chibi genre, as well as demonstrations that teach how to draw their critter friends, this book covers everything readers need to go from chibi fans to chibi artists. After an introduction to these elements, readers will have a chance to follow along Harts in-depth step-by-steps, and will even be invited to draw on their own, right in the books pages.
