

Chronicles of Eden - Act VII

If you're a fan of epic adventures, horny monstergirls, or harem anime/manga, this is the series for you. Be warned that this story is for mature readers due to explicit content. I.E. horny monstergirls. Daniel and his girls may be on a quest to instill peace throughout Eden, but first they need to deal with some very big changes in their lives. Between one of them turning into a lustful demon to another having her long lost daughter seeking bloody revenge, things about to heat up in a very dangerous way for everyone. New friends will be met along the way, a legendary sword will be within reach, a dark evil will return to bring about chaos, and Daniel will need to step up as the knight his growing harem truly deserves. Is Daniel ready to draw his blade to protect those he loves, even if it means pointing it at someone he doesn't want to kill?
