

Coopers Haven

Blush sensuality level: This is a sensual romance (may have explicit love scenes, but not erotic in frequency or type). When Jilly Warren, whose mother was killed by a crazy stalker when she was barely an adult, finds a man lurking around the fringes of her life, she gets scared. It isn't likely history is repeating itself but she just can't shake her suspicion or her fear. Luckily for her, Marine reservist Cooper Hawkins has recently returned to town. Cooper isn't the type to leave a damsel in distress, especially his neighbor Jilly. They've been dancing around a mutual attraction for years and she knows that she'll be safe in his arms. And despite the danger she may be in, Jilly can't help but hope that maybe this time they'll be able to finally get together once and for all. A Blush romantic suspense from Ellora's Cave
