

## Cougars, Inc.

Cougars, Inc. Where the cats come out to play.-----Part I: On the ProwlIt seems so cliché the woman alone when the young pool maintenance guy shows up at her house. But for forty-two year old Anita, the clichés can be damned. Her body is hungry, and Cortez the guy who shows up to service her pool is just the tasty morsel she needs to satisfy her appetite. Cortez is fresh out of college and working for the pool service company until he can land the kind of job his education prepared him for. Career-wise, his life hasn't turned out as he'd hoped. To make matters worse, he's just broken up with his girlfriend. Cortez life is tough, and the last thing he expects as he goes on his first pool opening assignment alone is that a hungry cat is waiting and ready to pounce.----- Part II: School Boy CrushNiles Jackson spots her in the mall parking lot. She's standing next to her car, which has a flat tire. He tells himself that he's going to offer to help her not just because she's attractive, but as an act of chivalry. But a few moments after meeting, Niles and the woman realize that they've met before fifteen years ago. Her name is Teresa Maldonado, and she was his eighth grade math teacher. She was also the object of his adolescent sexual fantasies. Now Niles is a grown man, and his former teacher is still as lovely as he remembers. To thank him for changing her tire Teresa offers to buy him lunch. Their friendly lunch turns into a classroom session of Show and Tell hotter than anything Niles ever imagined. Cougars, Inc. - The first in a series of tales of mature women who know what they want and how to get it.
