

## Creating Journals (Book 14) - A Way of Seeing

Although we may think we see exactly what is in front of us we all have differing ways of seeing. We all have a mind set which acts as our own particular lens through which we see things and interpret them. This book furthers the artists journey to explore that mind set. The book encourages you to find your own particular style, motif and themes, so that you can develop your own individual and unique way of expressing yourself. Made for kindle fire and devices with kindle fire apps, it is full of colourful illustrations to help set you on your way.
