

Under the Hypnotists Sway: Mind Control, Interracial, Breeding, Impregnation Erotica

The ebony beauty Alisha Bauder has just gotten married to her long-time college boyfriend, Thomas. While in Las Vegas for their Honeymoon, they decide to catch a show being put on by the famous British Hypnotist, Dominic Bennett. Whatever doubts she had about hypnotism being real were dispelled the moment he calls her up to the stage and dominates her mind in front of her husband and the audience itself. However, Alisha learns that his control over her didn't end with the show later that night. Lured to his room by desires she didn't understand, he brings her to her knees and makes her willing to do his bidding with a smile on her face. And, by the end of the night, she would be carrying his child while her husband slept blissfully unaware that her heart had fallen under the Hypnotists control.
