

Cuffed: Her Secret Desire

I realize its that Ive just handed him complete control of my body, given him absolutely everything that I am and told him he can do whatever he wants with it. The bulge in his jeans is massive, his breaths are quick and deep. He wants me so, so badly, and Ive given him free reign to take me in whatever way he deems ideal.

For years, Ive dreamed of being the damsel in distress, the lady with the heaving bosom bound to the tracks, waiting for her man to rescue her. Its such a counter to my normal, dominant personality but I cant help what I want, and what I want is to be dominated properly. As a petite college freshman, Ive just never had the courage to ask for it. Until now. Until Brandon. Hes everything I want: gorgeous, tall, and already carrying a little bit of a dominant streak. So Im hoping when I present him with these handcuffs while wearing nothing but this long coat hell know exactly what to do. This steamy short romance features bondage, BDSM, new adult action, male domination, female submission, and a whole lot more. Enjoy!
