

## THE RENTAL WIFE 2: A suspense and romance mystery thriller

Natalie Carroll was the lovely Las Vegas divorce attorney whose great idea was to make temporary marriages legal without making them binding, and it would be mixing legal prostitution with a contract to have men pay for what they want while both sides get what they need. It would reduce divorces and it would reduce prostitution arrests and it would turn Las Vegas into an even bigger Sin City of world acclaim. She felt pregnant with her brain child and wanted to deliver it to the world, and everyone who heard about it or met her kept getting very aroused by her.

Necessity was the mother of invention. People began to bet if she could make it work and sweep people off their feet with her sexy charms. Natalie and her backers wanted to take the RENTAL WIFE start up company national, but all desires and odds had to be calculated.

Kyle Martin was her private investigator in more ways than maybe was good for her, Jaqueline was her sexy executive assistant, and then a new cast of sexy characters arrived when playboy venture capitalist Richard Haviland and his harem of his investment team joined the divorce attorney and Jax to calculate the odds of Natalies chances for success. One eyed Jacks were wild and the sexy ladies were the Queens of the game that were played. Everyone went all in and Natalie was suddenly betting everything she had that her hopes and sexy charms could ride the big one and bring down the house. Sin City was Natalies town. She believed in honor and offers. Everybody was rolling the dice when they bet on her to win, place , and show. And what a show she gave everyone.
