

Giving Into My White, Gay Boss

Giving Into My White, Gay Boss When Terrel moves to New York to be with his boyfriend Luther and is dumped on his very first day, it seems like his life is over. He soon finds out just how fast his life can change when he is spotted by Mr. Ellison, the elusive billionaire who is about to make him an offer he cant refuse... This book contains explicit sex scenes and should only be enjoyed by mature readers. Excerpt: Mr. Ellison, what do you mean by opportunity for a bonus on a weekly basis? He raised his eyebrows. I was hoping you would ask about that. I cant give you specific details, but once a week you have the opportunity to stay behind and earn some extra money. Tonight is your first, and if you complete your tasks successfully youll be given a reward. Its completely voluntary, since mostly employees would be rather intimidated, however if you wish you can earn over \$10,000 dollars per night. It does involve some nudity, however. He stared at Terrell with an amused and confident expression, while Terrel returned his gaze with a look of utter confusion. Involve some nudity? What do you mean by that? He laughed softly to himself. First off, I want to repeat that this is entirely voluntary. If you say no, there will be no repercussions and you will continue your role in this company as my secretary. If you say yes, though, you will be making almost \$200,000 a year when you combine your bonuses with your base wage. You would be making more than most of the people in management. I dont want an answer now, but if youre interested you will return to this office at 8pm tonight. Heres a key card that will allow you access to this level. He tossed it towards him, and he stood up to pick it off the desk. That will be all for now. Thank you. Terrell had so many questions, but Mr. Ellison looked at him sternly and pointed towards the door. He walked out fast with Mr. Ellisons eyes fixed on his ass,

to try and find some quiet place to sit down and think about what had just happened. He spotted a chair near the elevator and sat down, burying his heads in his hand. Ive never even thought about stripping naked for money Wouldnt that make me a prostitute? He thought to himself. On the other hand, \$10,000 a week for a single nights work. He didnt even say I would have to have sex with anyone, he just said it involves nudity. FUCK. Or I could just tell him no, and keep working my normal job. Thoughts swirled through his head rapidly as he tried to make a decision. He imagined being in Mr. Ellisons office as he leaned back confidently in his chair, while he watched him strip naked. He imagined the feeling of taking off his pants and letting his boxers slide down his legs while Mr. Ellison stared at his body lustfully, as he was completely exposed to his every whim
