

My Little Farm Girl

Callan O'Rourke is doing a favor for an old fling. Pick up her new ward at the train station and drop her off. No one would ever mistake Callan for an errand boy, but he figures if he doesn't do it his cold-hearted witch of an ex-bed warmer would leave the poor thing stranded there all night. From her description he's expecting an overgrown country hick with bad hair, bad skin and a hair lip. So imagine his surprise when the young girl waiting for him is a stone-cold fox who possesses all the attributes Callan has been searching for in a mate. She's shy, sweet and a born submissive, something the dominant in him scents right off. What's he to do now that he's found himself in this unenviable position? One thing is for sure, whatever it is, it's going to end with the delectable Gabriella under him.
