

Couture in the 21st Century: In the Words of 30 of the Worlds Most Cutting-Edge Designers

Published in conjunction with Harrods, London, this book is the first of its kind: a rare look inside the world of couture, an elite class of the worlds greatest designers who have achieved a level of perfection in their craftsmanship and vision in fashion. Couture designers create specifically for individual clients with incomparable dedication to rich detail, exclusively hand-sewn construction and superlative quality. This lavishly illustrated book features essays from thirty of the worlds top designers who talk about fashion in the first decade of the 21st Century with its emphasis on craftsmanship and traditional techniques and pay loving homage to the iconic couturiers of the past, expressing how their creativity and attention to detail has forever shaped fashions future. The book features the first-ever personal essays on couture by todays most lauded contemporary designers such as Giorgio Armani and Oscar de la Renta plus the fresh faces who design for the top design houses: Pier Paolo Piccioli and Maria Grazia Chiuri for Valentino, Stefano Pilati for Yves Saint Laurent and Riccardo Tisci for Givenchy. Each designer describes their view of couture and the inspirations drawn from iconic figures such as Christian Dior, Yves Saint Laurent, Elsa Schiaparelli, Coco Chanel, Madeleine Vionnet, Madame Gres and Paul Poiret. Essays are complemented by photographs, rarely-seen pencil sketches, fashion illustrations and snapshots of the backstage frenzy before runway shows plus intimate portraits of the designers by photographer Rankin, world renown for capturing the wit and personality of his subjects. Couture in the 21st Century by Deborah Bee with photographs by Rankin beautifully captures the divine and sublime of couture fashion in the hands of the worlds best-known designers. It is a must-have for anyone interested in fashion and culture.
