

## Pro Tools 6 CSi Master

Get ready to master the key operational techniques and cool features of Pro Tools 6 with Pro Tools 6 CSi Master. This hands-on, interactive CD-ROM includes a multitude of movie tutorials that include not only functionality, but also production techniques, special shortcuts, key commands, and before and after audio examples. If you're a new user, the Introduction topic will take you through set-up, first record, edit, and mix. The CSi Movie Tutorial interface offers an easy-to-use and intuitive learning environment. View a movie tutorial in CSi, then instantly switch over to Pro Tools and try it yourself. It's the ideal way to jump right in and put Pro Tools to work for you!
