

Slicked Pole: Extreme Play (Quickie)

An invitation and a proposition can sometimes seem like one and the same. For Arabelle, an erotic dancer, this chance to taste of something exciting and new isn't to be passed by. When she discovers that her sensual pursuer is another woman will she continue forward and discover what's in store? Or will she be too nervous and afraid to push her limits? Excerpt: The small chain on the cuffs jingled when she picked them up, almost like jewelry. With a deep breath, she clasped one bracelet around her wrist and then turned, facing the pole another deep breath and then reached out, looping the chain around the pole and locking her other wrist in place. It would be funny being chained to the hard shaft that paid her bills if her heart wasn't trying to escape her chest. Swallowing down nerves, she knelt slowly to the floor the metal of the cuffs scraping down the pole as she went.
