

## Secrets Remembered (Diomhair Book 3)

Secrets Remembered by Raven McAllan Book Three in the Diomhair series What comes first your happiness or your job? Ailsa McLagan is sent undercover to investigate possible shady dealings at the private BDSM club Diomhair. The last thing she expects is to be confronted by one of the Masters there. Not only does he make her want to sink to her knees, but he seems to see straight through her disguise, too. Aidan is instantly attracted to the clueless sub he stumbles upon. Even though he knows she is hiding her true identity, he can't help but push her to discover her limits, and introduce her to the delights of subbing to him. Scared by the intensity of her reaction, Ailsa runs and all seems lost. When the truth is revealed, can they work towards a true Dom/sub relationship, even though theirs started on a lie? About Raven McAllan A multi-published author of erotic romance, Raven lives in Scotland, along with her husband and their two cats their children having flown the nest surrounded by beautiful scenery, which inspires a lot of the settings in her books. She is used to sharing her life with the occasional deer, red squirrel, and lost tourist, to say nothing of the scourge of Scotland the midge. As once she is writing she is oblivious to everything else, her lovely long-suffering husband is learning to love the dust bunnies, work the Aga, and be on stand-by with a glass of wine.
