

## Reparation (Sundown Wolves #2)

Jared is about to ascend to Alpha, but he won't be allowed to without a mate. His future Lupina has fled with another man, and losing her was a blow to his leadership, if not his heart. Though she is an Omega, the sister of the man who stole his fiancée will have to pay for her brother's sins and become his mate. Pack dynamics make their union problematic, but he soon cares less about politics and more about Alyra than perhaps he should if he wants to protect his people and his heart. This was previously published as *Fortunes Fool*.
