

Cared For by my Dads Best Friend (Older Man Younger Woman BBW First Time Pregnancy)

Ruby is beyond excited for a week away at a dude ranch with her dad's best friend Gavin. Not only is he handsome and ripped, but his maturity and experience makes him the best choice for her very first time. The only problem is, he's never going to succumb to his own desire, not even now that she's a full grown woman. But when Ruby gets into an accident at the stables with a horse, Gavin's the only doctor around who can make sure she's okay. Closer together than they've ever been before, will his professional manner keep him safe? Or will the older man succumb to his most base desires, hard and without protection?
