

The First Time (The Virgin Auctions series Book 1)

The year is 2135 and young women are bid upon at the Virgin Auctions, a city-wide event that allows wealthy men to purchase young brides for an exuberant price. They are trained to be the docile and submissive wives that will please their future husbands. Once they are bought, they are at the mercy of their owners. Veronica Dubois doesn't know what to expect when it is her time to be in the Virgin Auctions. When she is purchased by Kristoff St. Michaels, a man twice her size and age, Veronica fears her new husband is as cruel and heartless as the other wealthy men that come to the auctions. When Kristoff reveals a part of him that goes against every horror story she's heard, she has hope that maybe her life isn't over.
