For example, she finally gets a chance to tease him just as much as he always tortures tease her. Although, in the end, she is always his and he always gets what he wants, even if he doesnt always make her beg for it. (3000 words - not including the additional short story, The Pool Boy by Harriet Lovelace- 1650 words). Excerpt: I reached behind me and pulled up the back of my skirt and turned around. The g-string had strings that curved over the top of each cheek, creating a great frame, instead of straight lines. I couldnt help myself, I leaned forward from the waist just a bit to improve his view. That was enough for him. I could hear him as he moved away from the desk and came up behind me. One hand clapped itself over my throat, and the other encircled my waist and pulled me rigidly to him. I could feel his body humming with tension. This is what you wear? This is the way you present yourself? Youre lucky you havent been violated yet with the way you slut around this school. Is that what you want?
