

DOORWAY TO THE PAST: Three Reviewer-Acclaimed Thrillers

BEHIND ENEMY LINES During the Second World War, British spy, Sheena Vale, is dropped off in occupied France. When her mission goes terribly wrong, she's left stranded in enemy territory, on the Nazis most wanted list. Battling to survive, in an atmosphere fraught with danger, she takes a job in the decadent Berlin Club, where every sort of sexual perversion is acted out on a stage. Will keep you on the edge of your seat. Brilliant plot and excellent writing. Mystery Circle Reviews Could not put this one down. Lots of excitement and action. I nominate it for best suspense story of the year. Reader Reviews Really captured the era and the characterizations and erotic scenes were terrific. Well done! RB Reviews

TRAPPED IN TIME Constructed over two centuries ago, the Private Garden now sits in the middle of a busy intersection, beneath a gigantic statue of a British Statesman. The last thing Vivien Hall expects when she visits the garden is to be transported back in time to the nineteen-forties in the midst of an Air Raid, to boot. While there, she meets a captivating Air Force Officer, named Curtis Matthews. They have an erotic encounter. But as soon as Vivien falls asleep she finds herself back in the twenty-first century again. Her subsequent time travels to visit her lover, and her attempts to validate his existence her friend believes she hallucinated the whole episode make up an erotic and romantically haunting story about love and loss. Karen Lewis pens a thrilling tale with intriguing wartime happenings and passionate love that even time cannot deny... Looking for a story that will keep you guessing while at the same time heating you up? Read it and enjoy! Sensual Reads Review
