

Double Doctors: Bad Medicine for the HotWife

Amber has been a bad wife, and now its time to pay the price! She only flirted with the sexy and seductive stranger online, and she was always so careful. The last thing she needed was her husband to find out. If he had any inkling of the nasty and depraved conversations they shared, or the numerous scandalous photos she sent, he would leave her for sure. What happens when her new acquaintance demands to meet her in person? Amber knows it is a terrible idea, but he has lots of compromising photos at his disposal, and hes not afraid to use them. Plus he is a wealthy and highly respected local doctor. A man in his position could ruin her completely. Things go from bad to worse when he decides to videotape their entire encounter, without her consent. How will Amber react when she learns he has invited along a friend to watch from the next room? Can she take on two sexy doctors at the same time?
