

Genie in a Bottle

Being imprisoned in a bottle should have tamed the trouble-making genie, Kalisandra Ilana Norvan Shalivar, but when an irresistible man frees her, her past transgressions become the least of her problems. Tristan Mitchel has had a rough year. First his father dies, then his wife. Now hes stuck with a position of CEO he doesnt want, a half-brother who despises him, and a woman who wants him at all costs. Could things get any worse? When he discovers a mysterious bottle and releases the mesmerizing and mischievous woman hidden inside, his life changes in an instant. Now he has a genie willing to grant his every whim and desire, including some desires he didnt even know he had. Unfortunately, no one warned him how dangerous falling in love with a genie could be for both of them. Will he be able to survive the threats to his life, his happiness and his love?
