

Dirty Bad Strangers

He calls me his dirty girl. Hes just a caller, a sex line client, an anonymous pervert like all the others. Except he isnt. Hes under my skin his voice, his laugh, his twisted fantasies. He wants to watch me with other men. Lots of other men. He wants me blindfolded and bound and taken by strangers until Im a used-up mess. Then he wants to take me himself. I should hang up, report him to my supervisor. But I wont. I cant because I want him, too. Gemma Taylor was born to be a chatline operator. Her filthy mouth and a filthier imagination make her hot property on sex chat. The hours are great and the moneys even better. Shes onto a good thing; finding her feet in the big smoke of London with a couple of old school friends. Until he calls. The rules of chatline are clear: no personal information, no breaches of confidentiality, and absolutely no other forms of communication of any kind. So why is she giving him her number? Why the hell is she planning on blindfolding herself and leaving her door unlocked for him? Gemma Taylors in deep. And shes about to get deeper. Much, much deeper. Warning - this book is exactly what it says on the tin. Its dirty, its bad, and its certainly full of strangers. Although everything in this novel is entirely consensual, it may contain practices some readers may well find offensive. Please proceed with caution. Most certainly 18+
